

Hunger Plus Fundraiser with *Mamacita's Restaurants* Set for September

Sharon Massey (Fredericksburg Morning Club) reports that a major fundraiser is being planned in cooperation with Kerrville Rotarian Hagi Hossein's *Mamacita's Restaurants y Cantinas* for the month of September.

"Our subcommittees are in gear and working hard. Our plans for agricultural assistance in the ejidos are in full swing. We are about to embark on a major construction project in cooperation with Jaime Muza, president of the Ocampo region, in which we will be building and supplying window and door screens for several hundred houses and construction indoor bathrooms for the schools in each ejido, so our need for additional funds is becoming critical," Massey said.

She added, "Hagi and the entire team at *Mamacita's* have been extremely supportive of our efforts for the past four years. With their restaurants in Kerrville, Fredericksburg, San Marcos, New Braunfels and San Antonio, they have helped us raise about half the money the committee has put to work in Mexico. Once again, they are stepping up to support a major fundraiser. We're going to make it fun and simple and there are going to be prizes for both the Rotary Club that sells the most tickets per member and the Interact Club that sells the most tickets per member.
