

Tsunami Disaster Relief Effort

If every Rotarian in America would contribute only \$10 for the relief of our brothers and sisters in Malaysia as well as the other countries that have been struck by the tsunami, Hunger Plus, Inc. could send many containers of rice and soybeans (the food of choice in this region of the world) to the afflicted areas. Since this tidal wave struck devastation throughout the countries in the Indian Ocean, Hunger Plus has been inundated with calls seeking how Rotarians could help these stricken areas. Since Rotary International is not in disaster relief, per se, I believe it is only appropriate that Rotarians (and all those not devastated by the tsunami) take up this humanitarian cause.

Hunger Plus, Inc. is a 501c3 non profit organization and we are most happy and honored to work with Rotary Clubs Rotary Districts, individuals, churches and other organizations to help these desperate countries. If you were touched at all by this horrible disaster as well as the following plea submitted by our Rotary friends in District 3220 and 3300, I am sure you will want to be a part of the relief effort. Please send your contribution to the address listed below and we will be most honored to see that rice and soybeans are shipped just as soon as possible to these desperate people.

Yours in humanitarian service,
J. B. Roberts, Chairman
